Widening Participation & Spreading Excellence

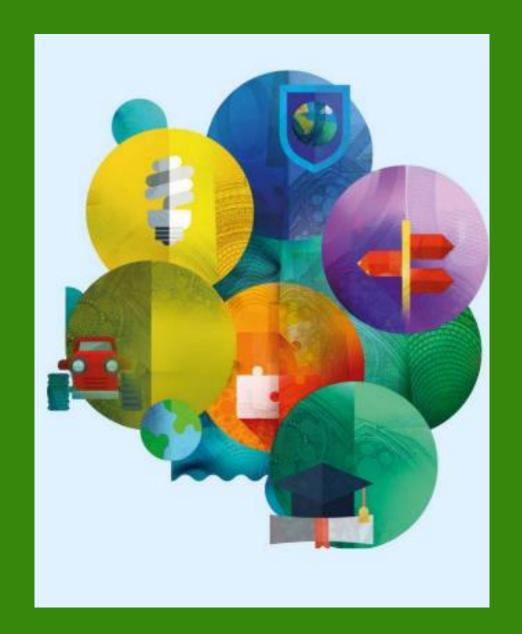

Cluster 4: Digital, Industry & Space

Six Destinations of Cluster 4 - the expected impacts they serve

- 1. Climate neutral, circular, and digitised production
- 2. A digitised, resource-efficient and resilience industry
- 3. World leading data and computing technologies
- 4. Digital and emerging technologies for competitiveness and fit for the green deal
- 5. Strategic autonomy in developing, deploying and using global space-based infrastructures, services, applications and data
- 6. A human-centred and ethical development and industrial technologies

Calls cluster DIS

- > Provisional information:
 - Separate calls per destination per year
 - All single stage calls
 - Topdown call text: what is your solution to the problem?
 - Consortium: universities, companies and knowledge institutes
 - 100-70% subsidy
 - TRL ca 4 to 7

IMPACT IMPACT IMPACT

Cluster 4 Dest 5: Strategic autonomy in developing, deploying and using global space-based infrastructures, services, applications and data

Impact: Open strategic autonomy in developing, deploying and using global space-based infrastructures, services applications and data, including by reinforcing the EU's independent capacity to access space, securing the autonomy of supply for critical technologies and equipment, and fostering the EU's space sector competitiveness.

Challenges

- > Foster competitiveness of space systems
- > Reinforce our capacity to access to space
- > Evolution of services and development of applications for Galileo, EGNOS and Copernicus
- > Innovative space capabilities: SSA, GOVSATCOM, Quantum
- > Space entrepreneurship ecosystems (incl. New Space and start-ups) and skills (CASSINI Initiative)
- > Targeted and strategic actions supporting the EU space sector

Some examples of topics

- Acces to Space: Reusability for EU strategic space launchers technologies and operation maturation including flight test demonstration
- > Earth Observation: Copernicus Security and Emergency Services evolution
- Competitiveness of space systems: End-to-end satellite communication systems and associated services
- > Space capabilities: SSA, Govsatcom, Quantum: Quantum technologies for space gravimetry
- > Space entrepreneurship ecosystem (including "New Space" and start-ups) and skills

Space in other Clusters

- > Cluster 4: Civil Security for Society
- > Cluster 5: Climate, energy and mobility
 - Intelligent Transport Systems, autonomous driving
 - Climate (change)
- Cluster 6: Food, Bioeconomy and natural resources etc.
 - Biobased products
 - Farming

Pillar 2 Global Challenges and European Industrial Competitiveness

- Health
- Culture, Creativity and Inclusive Society

Civil Security for Society

- Digital, Industry and Space
- Climate, Energy and Mobility
- Food, Bioeconomy, Natural Resources, Agriculture and Environment

Joint Research Centre

Cluster 4 Calls and timing

> Workprogramme adopted

mid april 2021

> 1st calls open

mid april 2021

> 1st call deadline

7 september 2021

#HorizonEU

HORIZON EUROPE

Information based on draft WP

New: Widening Hop-On instrument

- Add a partner from a Widening country to your selected Pillar 2 project!
- > Why?: Increase the participation of low R&I performing countries in Horizon Europe Pillar 2 actions.
- Budget: 200.000 to 500.000 euros per project (does not preclude requests for more budget)
 - <u>Top-up</u> for a relevant task or work package and the cost incurred by the additional participant.

New in Horizon Europe: Hop-On

Information based on draft WP

WIDERA-2022-HOPON-01-01: Hop On Facility

- What?: Hop-On gives possibility to include <u>one additional participant</u> from a Widening country* to an ongoing project under <u>all topics of Pillar 2</u> in Horizon Europe
 - On voluntary basis without affecting the freedom of choice for the consortium and the principle of excellence.
 - Ex-post: partner can be added after signature grant agreement
 - *all consortium partners have to agree to include new partner*
- Main selection criteria: Excellence; added value of new partner; work-package or task assigned
 - Applications on green and digital transition encouraged
- **Deadline(s) call:** 20 April 2022, 10 November 2022
 - All projects under Horizon Europe Pillar 2 with a valid grant agreement eligible
 - Coordinator consortium submits the proposal
- More information?
 - Marleen van den Berg (<u>marleen.vandenberg@rvo.nl</u>)

*Countries eligible for widening support HEU: Bulgaria, Croatia, Cyprus, Czechia, Estonia, Hungary, Latvia, Lithuania, Greece, Malta, Poland, Portugal, Romania, Slovakia and Slovenia.
